Settlement and Delivery	The Republic expects that delivery of the global bonds will be made against payment therefor on or about the settlement date, which will be the sixth business day following the date of pricing of the global bonds. Under Rule 15c6-1 of the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in two business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade global bonds prior to delivery of the global bonds will be required, by virtue of the fact that the global bonds initially will settle in T+6, to specify alternative settlement arrangements to prevent a failed settlement.
